

## **"Things I Learned From Noah's Ark"**

Author Unknown

- 1. Plan ahead. It wasn't raining when Noah built the ark.**
- 2. Stay fit. When you're 600 years old, someone might ask you to do something REALLY big.**
- 3. Don't listen to critics -- do what has to be done.**
- 4. Build on high ground.**
- 5. For safety's sake, travel in pairs.**
- 6. Speed isn't always an advantage. The cheetahs were on board, but so were the snails.**
- 7. Don't forget that we're all in the same boat.**
- 8. Stay below deck during the storm.**
- 9. Remember that the ark was built by amateurs and the Titanic was built by professionals.**
- 10. If you have to start over, have a friend by your side.**
- 11. Remember that the woodpeckers INSIDE are often a bigger threat than the storm outside.**
- 12. Don't miss the boat.**
- 13. No matter how bleak it looks, there's always a rainbow on the other side.**
